About IBM

IBM is a 113-year-old company with a young heart. We strive to reinvent ourselves and the world. Our employees inspire to change the world through technology. At IBM India, we provide solutions and services to all major industries including financial services, healthcare, Government, automotive, telecommunications and education. As a trusted partner with wide-ranging service capabilities, we help our partners transform and succeed with meaningful circumstances. The diversity and breadth of the entire IBM portfolio of research, consulting, solutions, services, systems and software, distinguishes IBM India from other companies in the industry.

IBM Consulting is the division of IBM that is focused on business process consulting and technology application. At Consulting, we provide end-to-end solution to our clients. We pride at providing complex integration and business transformation solutions to our partners.

IBM Consulting in India, also known as Consulting- Global Delivery caters to clients worldwide. Our portfolio includes services on Digital Transformation (e.g., Strategy, Interactive Experience, Analytic and Big Data), Application Innovation Consulting and Enterprise Applicants (e.g., SAP, Oracle, Microsoft, and Workday).
